

Online Practice Exam

Help Your Students Make the Grade with NCBTMB's Online Practice Exam

As our new generation of massage therapists and bodyworkers, your students deserve every chance to advance and succeed in our profession. Like you, we want to make sure they have the tools to do so. That's why we refreshed our Online Practice Exam—a new study tool that will help your students simultaneously prepare for two separate credentials: entry-level licensure and NCBTMB Board Certification.

Categorized into two levels, the Online Practice Exam contains **Level 1** questions that will best prepare students for any entry-level licensure

examination. **Level 2** questions will best prepare students for the Board Certification Exam. The Online Practice Exam is the **only** study tool created by NCBTMB for the NCBTMB Board Certification exam and cannot be purchased anywhere else.

By empowering students with our single study tool, you not only provide them the knowledge they need to succeed, but further award them the confidence they need to gain their necessary credentials and continue to elevate our profession.

What Others Are Saying

"I purchased the online practice exam the day before I had to take my test. I stayed up all night studying and I have to tell you that because of the practice exam, it made taking the exam so much easier."
– Stacy H

"I've been in the massage industry for over 17 years, and I thought I knew everything—but I was wrong. NCBTMB's Online Practice Exam was a life-saver, and that was the only thing I used to study for the Board Certification exam. I was very surprised how well it prepared me, and I'm very thankful I used the Online Practice Exam to pass the BCETM!"
– Ryan H.
